Trinre celebrates latest milestones

Trinre Insurance Company Limited hosted its 43rd-anniversary celebration in the company of brokers, key clients, strategic partners and stakeholders, including the Inspector of Financial Institution and Financial Services Ombudsman.

Executive Chairman Rani

Lakhan-Narace said: "How incredibly lucky we are to assemble such a phenomenal group of people together."

"We can all attest that the industry has continued to be stretched, but over the past few months, the economy took a backstage as

Mother Nature took centre stage."

This, she said, had the positive effect of eliciting love and compassion among citizens and redirected them to what is truly important.

Lakhan-Narace took the opportunity to announce Trinre's recent achievement of a Caril A-

rating from Caribbean credit rating agency, CariCRIS.

"We are deeply grateful that Trinre is now a CariCris A-rated company, a remarkable milestone for us and a testimony to the industriousness and perseverance of our team," she said.
